

### Maryland Native Plant Society Plant Lists

These lists represent the work of different MNPS members over the years. Their accuracy has not been verified by the MNPS. We offer these lists to individuals and other groups to enhance the enjoyment and study of the plants of different locations in Maryland.

#### BALTIMORE COUNTY, MD GUNPOWDER STATE PARK, HEREFORD AREA

This list includes plants seen on a field trip in May 2006. The field trip was led by Dwight Johnson. The list was made by Ellen Scarfutti and Dwight Johnson. Nomenclature mostly follows Gleason And Cronquist, Manual of Vascular Plants of Northeastern United States and Adjacent Canada, Second Edition, 1991. An asterisk\* after the name of a plant indicates that it is on the list of Rare, Threatened, and Endangered Plants of Maryland, Maryland Department of Natural Resources, December 2003.
